Grainger Warranty Process

First identify the part number. Bring part to the local Grainger Dealer. Have Grainger associate call Electric Reefer Parts Department at 616-583-0115 and select 1 for Parts. Grainger associate will confirm parts history and exchange the part at no charge. Parts warranty is one year from invoice date of the Electric Reefer Unit.

SUMMARY

This is a reconditioned unit with a new compressor & controls. Outer body panels are not new but have been reconditioned and professionally painted. The 3-way valve has been rebuilt and coils have been cleaned. The frame has been cleaned and painted. The end used is to supply the A/C power connection to the control box.
